## THAT MAKES A DIFFERENCE

### Supporting Mental Health Programs in Nanaimo, B.C.

With 75% of serious mental health issues emerging before age 25, **GLITTER2026** proudly supports Foundry Snuneymuxw—Nanaimo's first integrated youth health centre opening Spring 2026, offering mental health, substance use support, primary care, peer support, and social services under one roof with no referrals, no waitlists, and no stigma.

As BC's second indigenous-led Foundry centre, co-led by Kw'umut Lelum Child and Family Services and Snuneymuxw First Nation, this transformational facility will serve youth ages 12-24 with culturally grounded care weaving Coast Salish healing practices with mainstream approaches.

In partnership with the Nanaimo & District Hospital Foundation, **GLITTER2026** supports the enhanced programming, cultural integration, and community connections that will make Foundry Snuneymuxw extraordinary—ensuring that every ticket purchased, auction bid, and moment of celebration helps create a safe, welcoming, culturally respectful place where young people find healing, honoring indigenous leadership while investing in lasting positive change for generations to come.
